Proceedings of the Board of Commissioners of the Kentucky Institution for the Education and Training of Feeble-Minded Children.

At a meeting of the Commissioners of the Kentucky Institution for the Education and Training of Feeble-Minded Children, held on the 31st day of May, 1883, the following preamble and resolutions were adopted:

WHEREAS, A telegram just received announcing the sudden death of our esteemed friend and co-laborer, Dr. Harvey B. Wilbur, at his home in Syracuse, New York, on this day, a man to whom the State of Kentucky is deeply indebted, whose philanthropy caused him to leave his home in 1858, and come to Kentucky to exhibit before the Legislature his method of instructing the feeble-minded, and whose long years of patient struggling against adverse criticism has entitled him to the love and respect of mankind, and whose loss is a source of great grief to his many friends here and elsewhere in this State; and whereas, the result of his wisdom is exhibited in the successful instruction of the feeble-minded youth at the Institute located in Frankfort; therefore, be it

Resolved, That while we bow with submissive wills to the edicts of an all-wise Father, and realize that He doeth all things well, we cannot help but mourn the loss of a life so filled with sacrifices for the benefit of humanity so well-known to the world through his many works on insanity and idiocy, whose counsels were always tempered with great wisdom and judgment, and whose death leaves a void in our ranks that cannot be filled.

Resolved, That we tender our deepest sympathy to his stricken family, to his friends in Syracuse, and to the people of the whole State of New York, in the great loss of this just and noble man, whose integrity and eminent qualifications so well fitted him for the station he so successfully filled as Superintendent of the New York Asylum for idiots and feeble-minded youth.

Resolved, That a copy of these resolutions be forwarded to his wife, and for publication in the Syracuse, N. Y., papers, and papers of Frankfort, and that a memorial page in our minutes be set apart for the insertion of these resolutions.

By order of the Board of Commissioners.
GRANT GREEN, President.
MARY PAGE, Secretary.

Bridgeport.

Mrs. Dr. Crutcher is quite sick this week. Not many fish in Little Benson this season.

Miss Kate Jenkins has been quite sick this week.

Foot pads are ripe—set out your cold victuals, ladies.

Mrs. Thomas Freeman has been quite sick this week.

Mrs. Kittie Wilson has about recovered from her recent illness.

John Brown is the only scholar on the roll of honor in the Bridgeport school this week.

Messrs. Jesse Vannatta and Sam Newton, of Clayville, were in the village last Sunday.

Mr. Benj. Sargent and Miss Serene Moreland visited friends in Shelby county last Sunday.

Mr. J. D. Parrent has very much improved in health. So much so in fact as to be out again.

Joe J. Parrent has an Alderney cow from which he obtains 16 pounds of butter per week. So said.

Mrs. John Roach, who has been quite sick for several weeks, still remains in a critical condition.

Willie Demaree and Archie Dupuy killed 102 snakes last Saturday, and it wasn't a good day for snakes either.

We inadvertently omitted in our last, the names of Addie Hawkins and Ethel Crutcher as being on the roll of honor last week.

Esquire J. B. Russell and wife and Sam Parrent and wife formed a fishing party at Black's pond last Tuesday. They were quite successful.

A Sunday school was organized at South Benson Church last Sunday. Also one at the Franklin Presbyterian Church the same day.

Misses J. and F. desire us to inform the readers of the ROUNDABOUT that they occasionally visit Bridgeport. We will do so, young ladies, at our earliest convenience.

News reached this place last Tuesday that a young man by the name of Ratcliff was drowned near Shelbyville on Monday. What is strange about the matter is the fact that the water was not more than six inches deep.

Oh say, young man, if you want to take your girl for a ride, and can't on account of the lameness of your horse, you should procure a bottle of Kendall's Spavin Cure at once, for nothing is better for man or beast. See advt.

Bloomington.

Farmers are busy planting corn this week.

Mr. George H. Triplett and family are living in the house with Mrs. Susan Carr.

Mrs. Milton Arnold, Mrs. Wm. Church, and Mr. and Mrs. Job Smith, were the guests of Mrs. D. Glanton last Tuesday.

On account of being sick, Miss Lizzie Rogers did not teach school last week. Her health permitting she began again on Monday, the 7th.

James Fisher, clerk of the Ballard county court, after a pleasant visit of several days to relatives and friends in this and Woodford counties, left for his home last Monday.

Now look out for the heaviest apple crop that has been gathered in this section for many years. Several heavy frosts within the last two weeks and no damage to fruit.

It is with regret we announce to the country, and particularly to the citizens of Frankfort, that our early vegetable grower, of this place, has made a signal failure in bedding and sprouting his sweet potatoes, which will work a great hardship, not only on him, but others who were looking in this direction for their supply of this most valuable esculent.

A number of the members of the Pleasant Hill Sunday School were present last Sunday week, assisting in the organization of the Sunday School at this place, when Mr. Wm. F. Smith was chosen Superintendent. We don't know who was selected to fill the minor positions, but judging from the good judgment displayed in selecting a Superintendent, the selections are all right. Now let everybody in the neighborhood attend promptly, and we will have a school second to none.

To the great inconvenience and annoyance of the proprietors, the village blacksmith shop was entered a few nights since, and some of the tools and material carried away. The people in this section are noted for their integrity, so we are satisfied the carrying away of these tools was intended as a joke and nothing more, but it may become a serious joke if the tools are not returned right soon. Look out, you are known.

LATER.—Between the hours of 1 and 2 o'clock, a. m., last Wednesday morning, the blacksmith shop of this place, belonging to Capt. Milton Arnold, and operated by D. Glanton, Esq., was destroyed by fire. Supposed to have been the work of an incendiary, as there had been no fire used in the shop since 12 o'clock the previous day. The tools were insured for \$50, but no insurance on the building.

Failing!

That is what a great many people are doing. They don't know just what is the matter, but they have a combination of pains and aches, and each month they grow worse.

The only sure remedy yet found is BROWN'S IRON BITTERS, and this by rapid and thorough assimilation with the blood purifies and enriches it, and rich, strong blood flowing to every part of the system repairs the wasted tissues, drives out disease and gives health and strength.

This is why BROWN'S IRON BITTERS will cure kidney and liver diseases, consumption, rheumatism, neuralgia, dyspepsia, malaria, intermittent fevers, &c.

Mr. Simon Blanchard, a well-known citizen of Hayesville, Meade county, Kentucky, says: "My wife had been sick for a long time, and her constitution was all broken down and she was unable to work. She was advised to use Brown's Iron Bitters, and found it to work like a charm. We would not now be without it for any consideration, as we consider it the best tonic in the world."

BROWN'S IRON BITTERS is not a drink and does not contain whiskey. It is the only preparation of Iron that causes no injurious effects. Get the genuine. Don't be imposed on with imitations.
